Information

Over the last 18 months since we had our last face to face demonstration in March 2020 we have been providing zoom coffee mornings, workshops and demonstrations to try to keep in touch. The attendances have varied and unfortunately many members of the club have been unable to access them however we have been emailing and ringing members to keep in contact. Apologies if you have not heard from us, there have been a few slip ups, some due to lack of information or incorrect information. So, if you haven't heard from us at all please talk to one of the committee to check that we have your up to date details.
