Information

Workshops

We had a very enjoyable evening with Kathleen Williams on 1st Dec. If you are interested in Spring 2022 workshops then please talk to Chris Middleton tonight.

Area News

There is a new course being delivered by Cheshire Area in January, February and March. Posters on the front of the stage with details. Although it is primarily aimed at potential Demonstrators and Judges it is also helpful for experienced arrangers wishing to improve. I will email the poster out to everyone but the information is here to see tonight.
